Additional Instructions for mailing your package

- Requirements for shipping your return:
- Item(s) must be packaged in original manufacturer packing if available. If original packaging is unavailable, securely pack your item in a cardboard box with adequate cushioning to prevent damage to the item in transit. If any labels or preprinted marks are presented on the box, they must be completely removed or covered by white label. Lithium battery label should be printed in color.
-
- Any damaged/defected lithium battery products (batteries or battery powered equipment) is not allowed to be physically returned to Amazon. Please contact Customer Service for further instructions. ****FAILURE TO ADHERE TO THESE LEGAL REQUIREMENTS MAY PREVENT PROPER SHIPMENT, RESULTING IN AN UNSUCCESSFUL RETURN/RECYCLE****
-
- Affix the mailing label squarely onto the address side of the parcel, covering up any previous delivery address and barcode without overlapping any adjacent side.
- Take this package to a UPS location. To find your closest UPS location, visit the UPS [Drop Off Locator](#) or go to www.ups.com.

Instructions from perfectly professional

- Hello, sorry the item did not work for you, we are happy to provide you with a return. Please make sure to send back all components that were sent this order (box, chargers, stylus pens etc;). Please ensure to remove all accounts from the devices and factory reset them before sending back to us. Thanks in advance. Please note if a device arrives back damaged or without a factory reset and all accounts being removed a restocking fee up to 50% of your order will be charged. Please do not use our device's box as a shipping box or you will be charged a restocking fee; Use an actual shipping box to place ours inside of like it was sent to you.

We reserve the right to charge a restocking fee on any order returned abusing the returns option and sending back damaged or missing products. Please reach out if there are any questions with the returns process. Thank You.
